WITH TODAY'S TIGHTER TIMELINES, LOWER BUDGETS, H AND JOB COMPLEXITIES, DG3 AND OUR **KODAK INSITE** **PORTAL SYSTEM** MAKE EVERYTHING CLICK IN YOUR PR

We do the legwork for you, customizing the InSite Prepress

Portal System for your business and automating your online print production processes for how you work. We set up secure access for you 24/7/365 for easy and simple job submission, collaboration and annotation.

All you need is an Internet connection and plans for the time, money and resources you'll save.

Rush jobs requiring you to act faster and budget smarter through the production process?

With DG3 and our **Kodak InSite** Prepress Portal System, you can do more with better accuracy—faster, easier and at less expense.

Capitalize on cost and time-saving capabilities to:

- Speed timelines and turnarounds with automated processes
- Instantly submit and initiate jobs online
- Quickly upload or download high and low-res files
- Fast track reviewing, proofing and approval cycles
- Monitor job progress and get email status updates
- Optimize finished quality and color integrity
- Seamlessly integrate with our production workflow

Coordinating projects with colleagues in your office or across the country a logistical pain?

DG3 and our **Kodak InSite** Prepress Portal System provide you with the ease, agility and power to manage and monitor multiple projects and stakeholders.

At anytime, from anywhere, you and your stakeholders can:

- Instantly and remotely connect with authorized passwords
- Easily upload and download job files via a fast, secure Internet portal
- Quickly collaborate, annotate, share files, input and workflow
- Manage and track stakeholder involvement
- Speed reviews, proofing, approvals and distribution
- Provide client access to jobs-in-progress through secure links
- Reduce courier costs and hard proof paper waste

Thought your boss signed off approval only to realize she hadn't at the end of the press run?

Reduce costly errors, misunderstandings and inaccuracies easily and efficiently with DG3 and our **Kodak InSite** Prepress Portal System.

Gain more control and visibility throughout the print production process:

- Automate critical steps and sign off procedures
- Initiate and manage all internal/external multi-user review and collaboration sessions independently of printer host

HIGHER EXPECTATIONS THE PREPRESS PRODUCTION CYCLE.

- Enable annotations and comments on color and content
- Save and track all changes, chats, comments and approvals
- Receive email notifications of edits by collaborators
- View jobs and where they are in the approval cycle

Want faster turnaround and consistent color across your print jobs?

Enhance your efficiency and color quality with our **Kodak Matchprint Virtual Technology**.

- Easily ensure color accuracy and quality across all jobs
- Provide consistent virtual viewing at multiple locations
- Enable reliable SWOP-certified proofing on **Kodak** compatible monitors

OUR BUSINESS IS MAKING **YOU** LOOK IMPRESSIVE
