- Choice of colour, black-only, or litho printing or a combination of them all
- Full in-house bindery service
- In-house mailing operation manages fulfilment and distribution so as to minimise postal costs
- Same-day despatch

Client portfolio statements

A Case In Point

One of our clients is a leading manager of charitable funds in the UK. It also specialises in investment management on behalf of local authorities. DG3 produces client portfolio statements for their clients every quarter.

In order to meet the exacting 72-hour schedule, we print on our Xerox IGEN3 digital presses. Each produces more than 100,000 A4 pages at a rate of 5,000 pages an hour. Every page of print contains investment data unique to the individual client.

The application prints on a 200gsm cover stock with a 140gsm base stock, using the multiple paper tray input. The statements, which comprise 4-20 pages per set, are finished as presentation booklets using wire-binding. They are distributed by DG3 directly to the clients by post or courier.

Each statement is referenced against a checklist to ensure that all elements are present. Electronic copies of the reports are written to DVD as pdf files and returned to our client for reference.

DG3 also produces other documents on their behalf, including transactional statements and bank payment books.

DG3 Group Services
